

**CANDIDATE FOR DIRECTOR
BEAR VALLEY COMMUNITY HEALTHCARE DISTRICT**

NAME: KATHARINE "KATHY" BAUCH

AGE: 51

OCCUPATION: AVP/Operations

I have been a resident of Big Bear for 22 years and continue to hear the same old frustrations plaguing our hospital. There is room for improvement.

We live in a money-tight environment and the tax payers in our community continue to make significant financial contributions to ensure the availability of satisfactory health care as well as other necessary services.

I maintain that by simply reducing the costs currently allocated to a few segments of the operation, Bear Valley Community Healthcare District could rely less on the already overly burdened tax payer and make better use of the financial resources presently available to them.

I have twenty years past experience in the health care industry as a Licensed Vocational Nurse and Purchasing Director. With this knowledge and my financial background as Operations Officer with First Mountain Bank in Big Bear, I feel that I can make a difference by bringing new blood and fresh ideas to the Bear Valley Community Healthcare District Board of Directors.
